Location: Cochrane, AB and Cremona, AB

Date: June 5-8, 2017

Contact: eileen.tannas@esrseeds.com

Phone: (403) 437-9052

Eastern Slopes Rangeland Seeds Ltd. (ESRS) is pleased to host a 2017 Plant Identification Course again this year. The course will be held in three components: Forbs, Grasses, and Willows/Sedges. Each component will involve a classroom session, but will focus on hands-on, field keying and identification using The Common Plants of The Western Rangelands field guides. Field locations include Cochrane Hill or Glen Bow Provincial Park, the ESRS Greenhouse, and a forest reserve west of Cremona, AB. It is possible to attend any combination of days, but attending the first day of the Grass course is highly recommended if attending the second day.

Component 1

June 5 Forbs Cochrane, AB – parkland and foothills species

Component 2

June 6 Grasses Cochrane, AB – prairie and foothills species

June 7 Grasses Cremona, AB – parkland and forested species

Component 3

June 8 Willow/Sedge Cremona, AB – foothills and wetland species

Custom Courses

- Available for a minimum of 10 people
- Changes in location will have additional travel expenses
- Course options include: Reclamation species; weed species; grasses; forbs; sedges; willows and woody species; native species for landscaping and vegetation assessment techniques.
- Please book at least two months in advance to secure your desired course date.
